Major P. J. A. Cleary, accompanied by his wife and daughter, sailed today for Galveston, en route to his new post at Fort Sam Houston. The doctor's departure is keenly regretted by his fellow officers at Fort Brown and also by the many warm friends he has made in Brownsville during his tour as surgeon at Fort Brown. It is not as a friend only that his loss is regretted, however. As a killed physician who has done much good in the practice of his profession here, he will also be greatly missed. Major Cleary is considered one of the finest surgeons in the army, holding the very highest testimonials. He held a commission as surgeon in the army during the civil war, serving four years and coming out with the rank of lieutenant colonel. He retired from the service at the close of the war, but afterwards concluded to join the army again and did so, receiving a commission as captain, from which he has risen to the rank of major, and will ere long attain his former rank of lieutenant colonel. His Brownsville friends hope to hear of his promotion to the rank of surgeon general, before he concludes his army career.

THE TIME TO SUBSCRIBE.

The old newspaper saying, "now is the time to subscribe," was never more true than at present. The times are so full of incident, so many important national and State affairs are shaping themselves for a change, that no one can afford to be without a metropolitan daily or weekly. The St. Louis Republic, the greatest democratic newspaper, is making a special offer of its daily and Sunday paper for three months at \$1.50. It is \$6 a year by mail. The Twice-a-Republic is sent two times a week—104 papers—for only \$1 a year. In addition to all the political news, it prints every day a spread of general news and features not equalled in any other paper.

CATARRH MEANS DANGER.

Because if unchecked it may lead directly to consumption. Catarrh is caused by impure blood. This fact is fully established. Therefore, it is useless to try to cure catarrh by outward applications or inhalants. The true way to cure catarrh is to purify the blood. Hood's Sarsaparilla, the great blood purifier, cures catarrh by its power to drive out all impurities from the blood. Thousands of people testify that they have been perfectly and permanently cured of catarrh by Hood's Sarsaparilla.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.
If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
